What OUR Parents Think

Dear Kid's Villa,

Thank you for everything that you do for our son! We appreciate it so much! He is learning so much from his teachers! They make potty training easy for us!

Parents from our Busy Bees (Twos Room)

Dear Kid's Villa,

Thank you for providing such great care for our daughter over this last school year. She loves her classroom and comes home everyday with new songs that she has learned! In the past month she has already learned her ABC's and can count to 10! We think that her teachers are amazing and have been wonderful!

Parent from our Playful Penguins (Ones Room)

Dear Kid's Villa,

I wanted to say thank you for everything that you have taught my child this year. The Kindergarten Enrichment program has worked so well on getting my child ready for kindergarten. The teachers are outstanding and were there for my child every step of the way.

Welcome to Kid's Villa Learning Center

OUR PHILOSOPHY:

Kid's Villa strives to create a caring, healthy, educational and fun environment that allows children to realize their full potential in all areas of growth and learning. We promote a safe environment that encourages learning and caters to children's fundamental need for play and enjoyment. We value the uniqueness and individuality of all children and allow each child to develop at his or her own pace. We

embrace and celebrate the diversity of all children. We believe that children learn best through active participation and base our curriculum on proven research-based teaching methods.

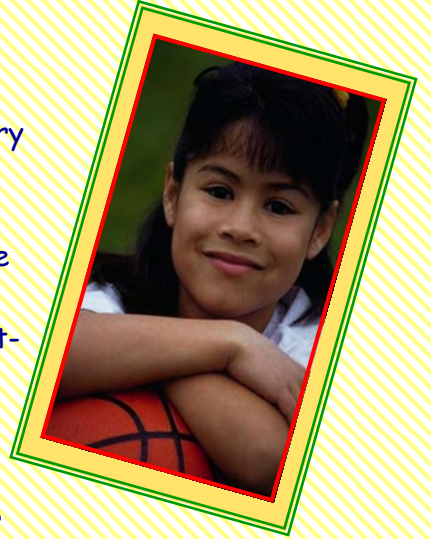

Our physical environment and the way our teachers and staff communicate with our children reflect our deep respect for them.

OUR QUALITY PLEDGE:

Kid's Villa believes that parental involvement lies at the heart of every child's development and that it is essential to keep the channels of communication open at all times. We strive to build strong relationships with parents and believe that parent-center collaboration is the key to providing a happy and healthy child care environment.

We are committed to providing your child with the best care and education possible. We understand the level of trust you place in us when you enroll your child at Kid's Villa. We will work very hard to maintain that trust. Your total and complete satisfaction is our goal.

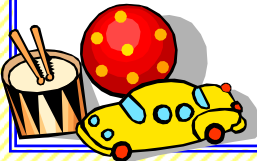

Kid's Villa ~ It's an Excellent Choice!

PROGRAM ENVIRONMENT

We begin with age-appropriate environments that encourage children to learn, play and explore. We offer books, blocks, puppets, paper, toys, tambourines and more! There are sticks for counting, seeds for planting and places for exploring. We

have an endless assortment of activities to engage our children, exercise their bodies and stimulate their minds.

TERRIFIC CURRICULUM FOR EVERY AGE GROUP!

PEEK-A-POOH AND TIGGER TWO (INFANTS) PLAYFUL PENGUIN PROGRAM (ONES & TWOS) & BUSY BEES PROGRAM (TWOS)

Building on the infant program, emphasis for our toddlers and early pre-schoolers is on verbal skill development — listening and communicating. The curriculum provides many opportunities for the children to develop and practice communication skills. Our staff encourages success through ongoing positive reinforcement. Kid's Villa uses a theme-based program built on numbers and letters for our Playful Penguins and Busy Bees.

CURIOUS CATS — 3S AGE GROUP & FRIENDLY FOREST — 4S AGE GROUP

We use the Houghton Mifflin Curriculum which is approved by the Maryland State Board of Education. Theme-based activities and a language rich environment are used to teach reading, writing and math. Extracurricular activities range from computer instruction to creative movement and dance.

OUR TEACHERS ARE TOPS

Most importantly at the heart of every project and activity there is a specially trained teacher! The teachers at Kid's Villa are trained and experienced in early childhood education and attend on-going trainings to stay current on the latest and most innovative teaching techniques. Our teachers allow each child to develop at his or her own pace.
